STOMPING GROUND

By PETER MORRIS

Seniors, Class of '68

It has a nice sound to it. In September it was new. It brought a feeling of pride, and a sense of power.

Seniors, Class of '68

Slowly but quickly the year progressed. Warren Travis White settled down to the daily routine of school life. Senior rings on 469 fingers proudly explained, patiently pardoned, "Seniors, Class of '68." It was a time to try new things, new privileges, new strengths. Mistakes were made, but mistakes were expected and mistakes were forgiven.

All too soon, the year is ending.

Seniors, Class of '68 will soon pass on, to be followed by an endless stream. But here, now, Seniors, Class of '68 is, was, and will be the best. Others will forget, others may never know, but we will remember.

Warren Travis White High School, the best school for the best class. We remember and we thank you.

Seniors, Class of '68.

- The Management-

Junior Looks at 1969

The mere idea of a junior writing an editorial in the Senior Edition is in itself somewhat absurd. Other than the customary "farewells and good lucks" there is really no subject matter available.

With this in mind we shall turn to NEXT year's Seniors, and take a look as to what might be expected in the "year of '69". The usual expressions which might be expected, such as, "the many challenges to be expected" and "...we can make this the best senior class ever" have been long since overplayed and would be not a little ridiculous in this instance.

What could be pointed out are the solid facts which will indeed make 1969 "the year of the HORNS". Organizational and club elections have already given us an insight

as to the calibre of next year's activities. Athletic spirit has never been higher and "B" team records this year presuppose top standings for varsity district play. With the election of next year's Student Council officers, another phase of school life indicates what "good-times" are in store for next year.

With this in mind, the wearers of the '69 senior rings are no doubt already longing for fourth year standings.

The Branding Iron

By DAVE HUTSON

All together now, "Thank you very much for the winning seasons. Thank you very much, thank you very, very, very much."

School is rapidly coming to an end and all the seniors are looking forward to graduation. At one time or another during the next few years, we will all reminisce about the fantastic athletic season W.T. White had during 1967-68.

Football was pretty poor. With two wins and eight losses, 1968 has to look better. After all, it couldn't be much worse.

Basketball also had a super-mediocre season. Even with talent like Neil Bickley, Frank Lewis, Jim Hummel and up and coming star Wayne Warren, the round-ballers still couldn't manage to put together a winning season, with a 12-17 record.

Swimming, though, was a different story. The team was loaded with talent and experience. Bob Dwelle, Ed Gibson, George Perry, Ross Anderson, George Megason and Jim Kravetz, along with the ever-faithful and dependent Freddie Ferraro, spurred the tankers to take second in city.

Our local track team also seems to fare better than average in their contests. Senior Tom Clark looks to be the mainstay of the team, but outstanding performances by Joe Clark, Randy Wadley, Bob Young, John Hardwick, Frank Lewis and Bill Kathis kept the team in there and fighting for Numero Uno at every meet.

But the team of the year at White has to be the Longhorn baseballers. They were plagued with various and sundry problems at the beginning of the season, but they finished strong by winning their last six games, and they finally jelled to their suspected greatness. Consistently great performances by All-City catcher John Bigler, along with Lynn Humphries, David Hayden, and Eric Florence, put the 'Horns right up there with a 12-6 season.

All the teams have seemed to be loaded with talent (like football, basketball, etc.) but for some strange reason, the talent never seems to get developed and organized. Baseball, swimming and track, however are the exceptions.

Football Returns To W.T.W. Coaches Check Out Prospects

By STEVE DAY

The sound of pads meeting pads echoed through Loos Stadium Friday night, May 17, as the annual Orange-White clash was played and Longhorn fans had a chance to look over '68-'69's prospects for football.

The game climaxed weeks of long preparation by the dedicated Longhorn football players. Day after day, they stayed after school in the humid spring weather, preparing for the game. When asked about the attitude displayed by the boys, head coach Howard Evans replied, "These boys have shown great desire in everything we have asked them to do. All of them have put out a great effort."

The halftime was a great success as the Longhorn band performed flawlessly. The band, like the football team had worked hard to make their performance an excellent one.

Spring rains have given football practice a deliciously fresh flavor this year. Where else could a guy get involved in bone crushing competition and play mud pies at the same time.

Gridders Work Hard, Coach Cites Desire

Prospective varsity candidates for next year's Longhorn Football team have been bearing strenuous heat and rigorous drills in their annual spring training program.

Spring training serves several purposes in building the team for their fall season. Along with conditioning the players, it also gives members of the coaching staff a chance to take a good look at many new varsity candidates. New plays and formations are also added in the coach's search for winning combinations.

Head Coach Howard Evans and his staff are enthusiastic about this year's squad due to their "fine attitude and desire to make the team a success."

Those juniors and sophomores cited for exceptional showings in the drills are Allen Baugh, Rod Shaw, Pete Ryba, Mike Thompson, Ronnie Keener and Randy Wadley.

Prospects for a high finish in the standing next season are "very good," with the return of 13 lettermen, eight of whom were regulars in last season's campaign.

COACH EVANS

Baseball Season Comes To A Close Longhorns Defeat T. J. Rebels 6-4

The baseball season was officially over for White on May 7, when the Horns defeated Thomas Jefferson by a score of 6-4.

This game brought an end to one of the most successful seasons a team from White has ever had. The Horns ended the regular season play with a 12-6 record, third best in the North Zone.

Whenever the hitting was in a

slump, the pitching compensated for the loss and when the pitchers were having a little trouble with their control, the bats were booming for the Longhorns.

Bill Perley, a sophomore, carried the best batting average for the Horns. He slugged out a .365 average and started every game during the last half of the season. In the early part of the season, catcher John Bigler carried the hot bat for the Horns and ended the season hitting around .300. Eric Florence, third base, was probably the most consistent player, and he also finished batting around .300.

Lynn Humphries was the leading pitcher for White. He ended the season with a 7-2 record and was elected captain of the team.

Even with the stiff competition the Horns faced, the weather still seemed to be the worst opponent. Ten games were postponed because of poor weather conditions. This figure includes five practice games which could have been valuable experience for the new players.

There were 15 lettermen on the team this year. They are: Neil Bickley, John Bigler, Eric Florence, Charles Daniels, David Hayden, John Herron, Jim Hummel, Lynn Humphries, Chris Kanes, Richard Lorang, Bill Perley, Robert Salih, Tim Williams, Kelly McCann (manager) and Rick Morrissey (manager).
