Robert Randall 'Randy' was married to Robin Kaleck on December 28, 1992 in Dallas, Texas. They purchased a home and raised their family in Carrollton, Texas where they raised their family for over 20 years.

Randy was a Salesman Extraordinaire, and had the gift of communicating with everyone. His sales were based on honesty, integrity, and the quality of goods which he represented. His sales experience started with Ed's Lawn & Equipment at the age of 16 where he worked for more than 20 years, then he went to work with Kawasaki Lawn Division where he was the district manager over Texas and several other states. After Randy's passing we found approximately 30+ crystal awards from Kawasaki packed away in the garage that he never told anyone he had received. He never bragged about how successful of a salesman he was.
